

Good afternoon,

Thank you for reaching out to the Town Council and administrative staff over the past few weeks regarding the new assessments proposed by our revaluation consultant, KRT Appraisal. Attached to this email is a spreadsheet showing the new property values originally proposed by KRT and a new value that will be used by the Town to calculate your tax bill. Based on input from you and a further consideration of relevant factors, the Assessor has made an adjustment to the property values. The new value reflects a change in building grade that our Assessor believes better reflects the homes in Hillcrest and a decrease in value across all of the Hillcrest homes in recognition of the fact that you do not own the land on which your home sits. Please note that the values shown do not include any exemptions such as homestead and veteran's that your property may be eligible for.

We understand that this process has been stressful for many of you. Our staff has been working on the best way to fairly assess the properties at Hillcrest from the time we saw the proposed values from KRT. While our Councilors have been kept aware of the discussions and have been interested in the outcome for Hillcrest residents it is important to note that the Town Council and the Assessors office are completely separate. The Assessor is an agent of the State of Maine and holds an autonomous position that is not able to be directed by Council or by the Town Manager. It is the purview of the Assessor to set assessed values and to set the annual tax rate. Neither the Town Council nor the Town Manager may direct the Assessor in the process of establishing just value for all property in Scarborough.

The tax rate, or mill rate, will be set by the end of this week and tax bills will be printed and mailed to residents by Monday, September 16. If your value does not reflect what you feel is the fair market value for your property you have the ability to pursue an abatement through our Assessing office. Additional information regarding the abatement process will be provided to all residents through our regular communication channels in the coming weeks.

In recognition of the fact that some of you may be required to pay more taxes than you expected, I have recommended to the Town Council that interest costs not be applied to unpaid taxes after the first due date of October 15. I am hopeful that these adjustments will satisfy many of your concerns; however, if you have any additional questions or concerns please let us know through email, phone, or by stopping in to talk.

Sincerely,
Thomas Hall, Town Manager
